

June 2024

Thought for the month: I am a forever do-gooder, just like My Source!

1. "You've been talking a lot about Goodness lately. Why?"
2. The reason is that I see so many examples of goodness by so many people.
3. It's like people want to do good, but just need reminded.
4. People get busy, and forget about doing good.
5. "Can you give some examples?"
6. Yes, I can. I'm glad that you asked.
7. For example, 18 people responded to our Kindness card ad in our local newspapers.
8. As a result, more than 800 Kindness cards were distributed.
9. And, might I say, the people were excited to hand them out.
10. By the way, if you need more Kindness cards, please call Vince (330-783-0387).
11. The second example is even more inspirational for me.
12. I have seen so many members of Now Creations impacting the lives of others.
13. Simple things, just by being kind and thoughtful.
14. And even deeper things, by listening and taking the time to be present.
15. I am so impressed by the good that our members are doing.
16. Our members are truly ushering in the Kingdom of God right where they are.
17. It's a joy to see our members bringing Heaven to Earth, right where they are.
18. "Don't you have a motto of Now Creations about Goodness?"
19. We do. The motto is: "The Good in me sees the Good in you".
20. "Where did you get this motto from?"
21. Actually, we got it from Plato.
22. Plato's word for "God" was the "Good".
23. So, we combined it with the Namaste greeting of seeing the Good in each other.
24. "That was pretty clever of you--and is the truth."
25. Yes, we are the Love of God in human form.
26. We love to do good, and are doing it.
27. We really are a wonderful group of do-gooders.
28. It all starts with Our Source of Goodness...
29. ...and we are Its extensions.
30. "I'm going to be more attentive to Goodness.." It will do you Good!
