

December 2025

Thought for the month: I am an Older Soul ready to live the Life of Love.

1. "I have a question for you."
2. You sound pretty serious. What is it?
3. "Here's my question: If Jesus re-appeared in 2025, what do you think would happen?"
4. That's a good question. This is what I think.
5. I think that he would get a similar response that he got 2,000 years ago.
- 6 "What do you mean? Do you think that he would get killed again?"
7. No, I don't mean that, but I think the following.
8. Those who are interested to hear his message would respond..
9. And, those who are not ready to hear his message would not.
10. "You better explain that to me."
11. Well. this is how I see it
12. Every soul is on its own journey to experience human, earth life.
13. And, there are many things about earth life that are very appealing.
14. And, you can't experience everything in one lifetime.
15. "So, you believe in reincarnation?"
16. Yes, but not the reincarnation of your human life.
17. Rather, a new reincarnation of your soul.
18. "It's the soul that experiences a series of reincarnations-- until it's ready to move beyond earth life.
19. "Is that why people say that there are young souls and old souls.
20. Yes, precisely.
21. Those that the message of Jesus or any avatar would appeal to are older souls, not younger ones.
22. "I have another question: Do you think that there are more older souls today?"
23. I do.
24. I think that many people today just need a spark to ignite them.
25. Happy birth-day to Jesus, and to all of Earth's great avatars.
26. So many people are older souls, and just need that spark to live more fully in Love.
27. "Is that what Now Creations is doing: Providing that spark to live in Love?"

28. Exactly--that's our sole and Soul Purpose: To spark the Love of God in human form.

29. Now, I have question for you.

30. Are you an older soul? Are you ready to live the Life of Love.

31. "I believe that I am. Thank you for the spark!"
