

February 2026

Thought for the month: I am the Love of God in human form.

1. "It's working!"
2. You seem excited: What's working?
3. "Do you remember that I said that I would be more loving in 2026?"
4. I do.
5. "Well, it's working!"
6. "I just feel so much more alive, so much more real."
7. Tell me more.
8. "Well, first, I feel that something has changed within me."
9. "I just feel that the inside of myself is different now."
10. "It's much more than just being kinder and nicer."
11. "It's more than just not being judgmental and critical of others."
12. "And, it's more than just understanding others better."
13. "All of these are wonderful things, but there is something more."
14. Can you describe it a little better?
15. "As I said, I feel different within myself."
16. "I have no desire to be quarrelsome or negative."
17. "I just want to love everyone, genuinely and sincerely."
18. "I just feel different now, better than I have ever been."
19. "Nothing seems to bother me anymore."
20. "I can accept pretty much anything now."
21. "And, I don't try to fix people--that's a big thing."
22. "I realize that every person has their own Soul to guide them."
23. "They don't me to make things right for them--that's a big pressure off of me."
24. "I just help out where I can, and not try to interfere any more."
25. "I can't believe that I feel so different.!"
26. I have a question for you: "What is it?"
27. Do you feel that you are becoming the Love of God in human form?
28. "You know, I think that I am!"
