November 2026

Thoughts for the Month by Stan Wenck

(These thoughts represent Stan's personal observations, and do not necessarily reflect the thoughts of Now Creations.)

1. Everything God has is yours. Claim it.
2. When we were born, we were programmed perfectly--centered in Love.
3. My Spirit Body is what I have become, and how I am evolving.
4. Guilt is forgetting who you are; pay attention to who you are.
5. Our talents are meant to be extended; we bring loving energy to humanity.
6. "Unpleasant" events are always meant for our growth; we can look at these lessons with gratitude.
7. If is it happening, it is happening for our growth.
8. The dimensions are levels of Consciousness.
9. Our bodies are temporary forms. Our true Self is Soul-Spirit-Source Energy.
10. What we believe we teach--teach only Love.
11. We are the foundation of the new Church of God.
12. I am the Love of God in human form.
13. We have moved from the fear of dying to the certainty of Eternal Life.
14. The soul is the link between the body and Spirit.
15. The "wild card" is the "I", the general state of Consciousness.
16. The body is a temporary form; view it as such.
17. What Jesus had in him, we have in us--use it!
18. Separation causes fear; we must forgive ourselves for separation
19. Observing, recognizing, and understanding are the three levels of "seeing".
20. Karmic resolution: Whatever you do comes back to you.
21. The "I" permeates all worlds: Body, Soul, and Spirit.
22. Heaven is the awareness of perfect Oneness--the Oneness of All That Is.
23. We have many roles with one purpose--bringing beauty and truth to the universe.
24. My Holly Trinity Self of Soul, Spirit, and Source Energy is the life force of my humanity.
25. The soul is the worker bee guided by Spirit.
26. Thanksgiving Day: I am most grateful for being created in the image and likeness of God,
27. I am a living light body in a physical body and am evolving daily.
28. Heaven is not a place; it is a condition of perfect Oneness.
29. As we age we may not do some former things, but we can do new things--like evolving in Awareness.
30. Our souls have four qualities:
(1) Observation, (2) Freedom, (3) Choosing, and (4) Creating.
